EXPERIENCE

IPIX (Interactive Pictures Corporation)

1998-2001

IPIX was one of the first companies to develop 360 degree imaging software as well as hardware. My primary jobs were image retouching and print design.

The Bingham Group

2001-2004

The Bingham Group is a full service advertising agency. My primary jobs were web design (HTML) and print design.

Asen Marketing & Advertising

2004-2016

Asen is a full service advertising agency. I worked as a graphic designer as well as the in-house photographer. My role as designer encompassed all aspects of the design process, from concept to completion, working as a team or on my own. As photographer I completed a wide range of projects from photographing food, to architecture, to the ED at the medical center.

Fashion Wire Daily - Freelance Photography

2007-2012: Spring and Fall New York Fashion Week

FWD was a NYC based fashion news wire service. Each Fashion Week I photographed multiple shows daily. Jobs for each show included documenting backstage, runway, front row (celebrities) and after parties/special events.

Webb School Of Knoxville - Freelance Photography

2006-2016

Webb School of Knoxville is one of the top private K-12 schools in the Southeast United States. My jobs included a variety of photo assignments for various promotional materials throughout each year including; the annual report, graduation, school website, fundraising materials, and campus magazine.

EDUCATION

Carson-Newman University

1992-1996

BA Art/Graphic Design
